

Key2Group

Our mission

“Our mission is, quite simply, to achieve excellence throughout all our disciplines and to draw upon our depth and breadth of experience to ensure we are fully aligned with the wishes and values of each and every customer. By continually reinvesting in the latest, cutting-edge equipment, and with a reputation for keeping ahead of the curve with all our processes, we attract the best personnel our industry has to offer. Through this we are confident we offer the gold standard in service to each and every customer.”

— Mike Keating Managing Director

Who we are

Key2 Group was built with business in mind. From the early days, it has provided an in-house design service ensuring all signage engineered and manufactured by us is of a high-quality, professional standard and is long lasting.

We are strong believers in outstanding print and fabrication production which has allowed us to work with industry leaders, including national retailers and major brands.

What we do

Signage • Large Format Printing • Plastic Fabrication
Window Displays • Point of Sale • Retail Displays

Signage

Key2 Group offers signage expertise including the design, manufacture and installation of flex faces, totems, illuminated signs, vehicle wrapping and large vinyl banners. Big or small, our highly advanced machinery can print large format signs for a variety of purposes.

Large format printing

With an entire division devoted to laying ink, the print technicians enjoy the use of a selection of state of the art wide format printers. The team are proud to have the capabilities of printing on coated materials such as papers, banners & vinyls but also practice high-tech UV printing that lays directly onto almost any surface.

Plastic fabrication

With over twenty years experience, Key2 Group is proud to be an industry leading expert in plastic fabrication. Providing services for retail interiors and often working for high end beauty brands, designing and producing display units, POS, bespoke window displays, exhibition stands and cosmetic counters.

We work hard as a team to uphold our excellent reputation.

How we work

The ability to design, manage, print, manufacture and fit from under one roof ensures a high quality finish at every stage of your project.

Who we work with

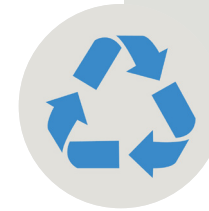

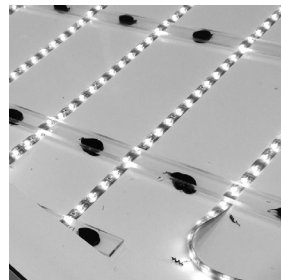

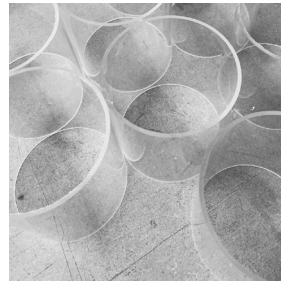

Key2 Group has built a varied customer base in a range of exciting sectors and is proud to be industry leaders in print and signage manufacturing.

Welcome to the workshop

Key2 Group has built a varied customer base in a range of exciting sectors and is proud to be industry leaders in print and signage manufacturing.

Starting a project from a conceptual brief to completion is something Key2 Group prides itself in, with dedicated in-house teams who specialise in design, engineering, print manufacturing and fitting.

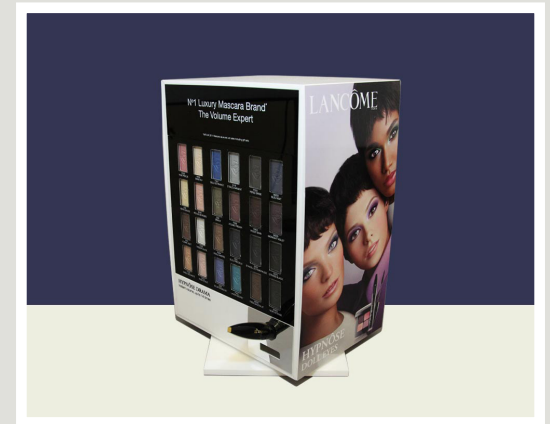

If you have a project that you would like to discuss please get in touch.

We have worked for international brands, charitable organisations and start-ups.
